i-tec Thunderbolt 3 Travel Dock Dual 4K DisplayPort + Power Delivery 60W

i-tec Thunderbolt 3 Travel Dock Dual 4K DisplayPort + Power Delivery 60W

PRODUCT DESCRIPTION

Docking station combining compact size with extreme performance supported by Thunderbolt 3 technology. Though the station is designed primarily for use on your travels due to its size and weight, its performance is not limited by any compromises! Video resolution of up to 8K, or 2x 4K, on both Windows 10 and macOS.

It is also the first docking station built on Thunderbolt 3 technology and designed primarily for travelling professionals. The station supports laptop charging via a USB-C (TB3) port with up to 60 W*. This will allow you to charge any laptop, even those that require a charging output of 100 W (e.g. a MacBook Pro 16"), though the charging may take a little longer.

Naturally, the station also features an integrated LAN port, USB ports (one of which offers bitrates of up to 10 Gbps) and support for audio output and microphone.

- Connect up to two 4K external monitors or one monitor in 8K/30 Hz resolution
- Power delivery: up to 60 W (power adapter not included)
- DisplayPort and HDMI port available
- 1x USB 3.1 Gen 2 (10 Gbps) and 1x USB 2.0 will allow you to easily connect your USB devices and peripherals
- Gigabit Ethernet RJ-45 provides reliable, robust and high-speed Internet connection supporting 10/100/1000 Mbps speeds
- Combined jack for audio and microphone
- Supports Windows 10, macOS X

 * The docking station must be used in combination with your USB-C power adapter (not included) in order to function properly.

PRODUCT FEATURES

- 1x integrated Thunderbolt 3 cable for connecting to a device (18 cm)

- Docking station technology: [Thunderbolt™ 3](#)
- Power Delivery: 60W
- Video ports:
  - 1x Display Port
  - 1x HDMI
- Resolution:
  - DP 1.2 HBR2:
    - 1 monitor – 1x DP → up to 4K/60 Hz
    - 1 monitor – 1x HDMI → up to 4K/60 Hz
    - 2 monitors – 1x HDMI + 1x DP → up to 2x 4K/60
- DP 1.4 HBR3:

  1 monitor – 1x DP → up to 8K/30 Hz*
  1 monitor – 1x HDMI → up to 4K/60 Hz
  2 monitors – 1x HDMI + 1x DP → up to 2x 4K/60 Hz
- 1x USB-C PD port (power delivery only)
- 1x USB 3.1 Gen 2 port (10 Gbps)
- 1x USB 2.0 port
- 1x Ethernet GLAN RJ-45 port (Realtek RTL8153)
- 1x 3.5 mm combo audio jack
- Integrated USB-C cable (18 cm)
- OS: Windows 10, macOS X (Sierra and later), Linux with latest updates
- Product dimensions: 100 x 100 x 28 mm
- Product weight: 210 g

*8K resolution must be supported by the connected laptop or tablet.

Hardware requirements:

- Device with a Thunderbolt3 port

Requirements for Power Delivery feature:

- device with a free Thunderbolt 3 port with support for Power Delivery technology

Requirements for video output:

- device with a free Thunderbolt 3 port

Operating system:

- Windows 10, macOS X (Sierra and later), Linux with latest updates
